**Alert regarding the use of pyrethrins and/or piperonyl butoxide**

Recent laboratory results show high levels of the active ingredients pyrethrins and/or piperonyl butoxide in some cannabis samples.

Both pyrethrins and piperonyl butoxide currently are on ODA's "Guidelist for Pesticides and Cannabis."

ODA is investigating why some samples indicate levels of one or both of these pesticides, which far exceed the Oregon Health Authority (OHA) Action Levels, and yet others do not.

To retain the listing of these two pesticides on the Guidelist, ODA, OHA, and Oregon Liquor Control Commission (OLCC) need to learn more about what influences pesticide residue levels on cannabis. If you used pyrethrins and/or piperonyl butoxide, and your cannabis tested below OHA's Action level, please contact ODA at (503) 986-4553.
