

Abandoned Waste Fee Relief

Purpose

This document clarifies the responsibilities of a property owner/operator who has containerized hazardous waste illegally deposited on owned real property, and is not able to identify the original generator.

The property owner/operator is not required to count the hazardous waste toward their own generator status and is not required to pay generator fees, provided the owner/operator is willing to report the circumstance of the event to the Oregon Department of Environmental Quality and manage the waste appropriately.

Applicability

This fact sheet applies to anyone in the possession of illegally abandoned hazardous waste on real property by an unknown original generator.

This fact sheet supersedes previous DEQ policy number 1994-PO-002 and Fact Sheet 08-LQ-048.

Discussion

RCRA regulations require a generator of hazardous waste to count the amount of hazardous waste generated each month to determine one's generator category.

OAR 340-102-0065 states that anyone generating more than 100 kilograms of hazardous waste, or more than 1 kilogram of acutely hazardous waste at any time in a calendar year, shall be subject to an annual hazardous waste generation fee.

"Abandoned hazardous waste" means hazardous waste illegally deposited on real property; the owner or operator of which did not generate or transport the hazardous waste to the real property site, and the identity of the true hazardous waste generator cannot reasonably be identified.

According to OAR 340-100-10 "Generator" means the person who, by virtue of ownership, management or control, is responsible for causing or allowing the creation of a hazardous waste.

Any owner or operator having abandoned hazardous waste is responsible to manage the abandoned hazardous waste in compliance with Oregon and Federal hazardous waste laws and rules.

Required Action

The owner/operator is to immediately report the presence of abandoned waste to DEQ and other agencies as necessary, take appropriate steps to determine the generator of the waste, and take reasonable steps protect human health and prevent releases to the environment.

Use the Request for Fee Relief for Abandoned Hazardous Waste form. Complete all information requested. Mail your request to the DEQ office nearest you.
