TIDAL ADJUSTMENT TABLE

The predictions given in the monthly tables are for the OSU Hatfield Marine Science Center Dock in South Beach, Yaquina Bay. To determine the predicted time and height of high and low water for the locations given below, add or subtract the indicated times and adjust the heights.

Tidal Adjustment Table with columns for Location, High Min, Low Min, High Ratio, and Low Ratio.

Tide Tables are predictions and are least accurate during storms and extreme high and low tide periods.
