 July 21: 1,070 employees processing unemployment claims

11.2%

June 2020 Oregon unemployment rate

Initial claim = unemployment insurance (UI) claim from a person who has not filed for UI benefits in the past year.
 Reopened claim = UI claim from a person who filed a claim in the past year, became unable to look for work, then began looking for work again.
 Additional claim = UI claim from a person who filed a claim in the past year, got a job, then lost their job.
 Work Share, PUA, and the Trade Act Program are specific unemployment insurance programs.

*On August 4, OED reached the 70,000 target of processing all remaining claims.

**Average wait times reflect the average time for the first call being answered. We have been making many changes to our phone systems, providing new numbers, adding more capacity, and more. We are validating our reports are still showing the correct information with all of those systems changes having been made.
