Notes

Data are provisional and subject to change. Monday's COVID-19 Update includes new cases and deaths reported between 12:01am Friday - 12:01am Monday. Monday's 'Testing at OSPHL' numbers are summarized from the entire weekend.

*Total cases include both presumptive and confirmed cases. Presumptive cases are people without a positive diagnostic test who have COVID-19-like symptoms and had close contact with a laboratory confirmed case.

†OPERA is the state of Oregon's electronic disease surveillance system for COVID-19.

‡Congregate settings include, but are not limited to, long-term care facilities, group homes, shelters, prisons, etc.

Notes

Data are provisional and subject to change.

*Every hospital in Oregon is asked to submit data twice daily to Oregon's Hospital Capacity Web System (HOSCAP). Data are based on the most recent report from the hospitals, available as of 9:00am. Hospital staff are asked to enter bed capacity information, by type, as well as the number of patients with suspected or confirmed COVID-19 illness who are currently hospitalized at the time of data entry. These data may conflict with hospitalization status in Orpheus due to case reporting and investigation lags and temporary discrepancies in case classification.
