[Oregon HOSCAP Update](#)

**Notes**  
 Data are provisional and subject to change.  
 \*Every hospital in Oregon is asked to submit data twice daily to Oregon's Hospital Capacity Web System (HOSCAP). Data are based on the most recent report from the hospitals, available as of 9:00am. Hospital staff are asked to enter bed capacity information, by type, as well as the number of patients with suspected or confirmed COVID-19 illness who are currently hospitalized at the time of data entry. These data may conflict with hospitalization status in Orpheus due to case reporting and investigation lags and temporary discrepancies in case classification.

## Emergency Department Visits in Oregon as reported to Oregon ESSENCE\*

COVID-like illness (CLI) visits make up a small proportion of all reported emergency department (ED) visits.

The % CLI figure is available on the OHA COVID-19 webpage in the "Public Health Indicators" Tableau Dashboard. Please click the orange box to the right to be redirected.

[CLI % Graph](#)

### Notes

Data are provisional and subject to change.

\*Oregon's Electronic Surveillance System for the Early Notification of Community-based Epidemics (ESSENCE) allows for public health to monitor what is happening in emergency departments across the state. Oregon ESSENCE receives daily reports of ED visits from all 60 non-federal hospitals in Oregon.
