Outdoor mask mandate issued for most public outdoor settings

On Aug. 24, Governor Kate Brown announced a new rule that will require people in Oregon to mask in most public outdoor settings — regardless of vaccination status — where physical distancing is not possible. The rule will go into effect Friday, Aug. 27.

¹This includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are people without a positive diagnostic test who have COVID-19-like symptoms and had close contact with a laboratory confirmed case. Antibody test results are **not** included in our data. County of residence for cases may change as new information becomes available. If changes occur, we will update our counts accordingly.

²For additional details on individuals who have died from COVID-19 in Oregon, please refer to our [press releases](#).

³This includes cases who test negative and are not epi-linked to a confirmed case.

⁴Ever hospitalized, if available, as reported to OPERA. OPERA is the state of Oregon's electronic disease surveillance system for COVID-19. Cases are considered hospitalized if they were ever admitted to the hospital for inpatient care during their COVID-19 illness. Cases who were examined in but not admitted to a hospital may be incorrectly classified as hospitalized until interview and medical record review are complete, leading to fluctuations in the number of hospitalized COVID-19 cases.

Statewide Requirements and Recommendations

On June 30, 2021, Governor Kate Brown rescinded Executive Order 20-66 and many other executive orders that directed the Oregon Health Authority (OHA) to issue enforceable guidance for various sectors of the state regarding COVID-19 restrictions.

Entities must continue to follow all applicable federal or state statutes, regulations and rules, and local ordinances.
