Children ages 5-11 are now eligible for the Pfizer COVID-19 Vaccine

Following review of recommendations by the Advisory Committee on Immunization Practices (ACIP) and the Centers for Disease Control and Prevention (CDC), the Western States Scientific Safety Review Workgroup has confirmed that pediatric doses of the Pfizer COVID-19 vaccine for children are safe and effective for children ages 5 through 11.

For hospital capacity data: Please see our [daily COVID-19 update](#) and [Hospital Capacity dashboard](#).

For data on testing at the Oregon State Public Health Laboratory: Please see our [daily COVID-19 update](#).

¹This includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are people without a positive diagnostic test who have COVID-19-like symptoms and had close contact with a laboratory confirmed case. Antibody test results are **not** included in our data. County of residence for cases may change as new information becomes available. If changes occur, we will update our counts accordingly.

²For additional details on individuals who have died from COVID-19 in Oregon, please refer to our [press releases](#).

³This includes cases who test negative and are not epi-linked to a confirmed case.

⁴Ever hospitalized, if available, as reported to OPERA. OPERA is the state of Oregon's electronic disease surveillance system for COVID-19. Cases are considered hospitalized if they were ever admitted to the hospital for inpatient care during their COVID-19 illness. Cases who were examined in but not admitted to a hospital may be incorrectly classified as hospitalized until interview and medical record review are complete, leading to fluctuations in the number of hospitalized COVID-19 cases.

Statewide Requirements and Recommendations

On June 30, 2021, Governor Kate Brown rescinded Executive Order 20-66 and many other executive orders that directed the Oregon Health Authority (OHA) to issue enforceable guidance for various sectors of the state regarding COVID-19 restrictions.

Entities must continue to follow all applicable federal or state statutes, regulations and rules, and local ordinances.
