For hospital capacity data: Please see our [daily COVID-19 update](#) and [Hospital Capacity dashboard](#).

For data on testing at the Oregon State Public Health Laboratory: Please see our [daily COVID-19 update](#).

¹This includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are people without a positive diagnostic test who have COVID-19-like symptoms and had close contact with a laboratory confirmed case. Antibody test results are **not** included in our data. County of residence for cases may change as new information becomes available. If changes occur, we will update our counts accordingly.

²For additional details on individuals who have died from COVID-19 in Oregon, please refer to our [press releases](#).

³This includes cases who test negative and are not epi-linked to a confirmed case.

⁴Ever hospitalized, if available, as reported to OPERA. OPERA is the state of Oregon's electronic disease surveillance system for COVID-19. Cases are considered hospitalized if they were ever admitted to the hospital for inpatient care during their COVID-19 illness. Cases who were examined in but not admitted to a hospital may be incorrectly classified as hospitalized until interview and medical record review are complete, leading to fluctuations in the number of hospitalized COVID-19 cases.

[Statewide Requirements and Recommendations](#)

On June 30, 2021, Governor Kate Brown rescinded Executive Order 20-66 and many other executive orders that directed the Oregon Health Authority (OHA) to issue enforceable guidance for various sectors of the state regarding COVID-19 restrictions.

Entities must continue to follow all applicable federal or state statutes, regulations and rules, and local ordinances.

OHA provides these materials in multiple languages as a part of our **equity-centered response** to COVID-19. When there are changes, English versions may be updated before the translated versions. Please check the dates in these documents to make sure you have the most current version. If there are differences between English and another language, the English version is the official version.

□ Community Resources

Visit our Community Resources page to find a collection of vaccine communication resources, as well as more general information about COVID-19.

Community Resources - Available in multiple languages

Safe and strong logo

As we face COVID-19 together, it's clear that we are strongest when we are in community, even from a distance. To help

keep our communities safe and healthy, OHA's **Safe + Strong website provides updates, resources and information in multiple languages. With the right information, we can get through this — together.**

Safe + Strong Helpline: 1-800-923-HELP (4357)

Accessibility: For individuals with disabilities or individuals who speak a language other than English, OHA can provide information in alternate formats such as translations, large print, or braille. Contact the Health Information Center at 1-971-673-2411, 711 TTY or

COVID19.LanguageAccess@dhsosha.state.or.us

Printing requests: You can download materials on this page. OHA does not offer paper versions. Please feel free to print whatever you need.

Language access: OHA is working to provide original content in languages other than English. Many of the materials in our community resources section are available in multiple languages. OHA is also providing the Google™ Translate option to assist you in reading the OHA website in languages other than English. Google™ Translate cannot translate all types of documents and may not provide an exact translation. Anyone relying on information obtained from Google™ Translate does so at their own risk. OHA does not make any promises, assurances, or guarantees as to the accuracy of the translations provided.
